WAKEFIELD'S PAUL REVERE BELL

THIS 1974 ANNUAL REPORT IS DEDICATED TO  
RUTH A. WOODBURY — TOWN HISTORIAN

1974-WAKEFIELD  
MASSACHUSETTS

## The Paul Revere Bell

On the 18th of September, 1815, the town of South Reading, now Wakefield, bought the Paul Revere bell. This was three years after the town had separated from the old town of Reading of which South Reading had been the First Parish.

The new bell was to be hung in the steeple of the First Parish meeting-house (Congregational) which served as a meeting place for both the town and the church until 1834 when all of the functions of the Church and Town government were separated by State law. The meeting-house stood near the location of the present stone church.

The bell in the meeting-house steeple, probably the one bought by the First Parish in 1727, may still have been in good condition when South Reading became a separate town, but in 1815 "one broken bell" was credited toward the purchase of a new bell from Paul Revere & Son.

The bill of sale is on display with the bell in the front lobby of the Lucius Beebe Memorial Library.

Cast in the bell is the following inscription — "Revere & Son, Boston 1815". Wakefield's bell is considered to be a genuine Paul Revere bell because it was cast during the patriot's lifetime. Paul Revere died in 1818 at the age of 83. The son who was in the bell casting business with him was Joseph.

Fortunately the new bell was not hung immediately after the date of purchase because the steeple of the meeting-house was blown down five days later by the "Great Gale" of September 23.

The new steeple in which the bell was hung was "considered less tasteful" and is shown in the painting by Franklin Poole reproduced elsewhere in this Town Report.

The bell remained in the meeting-house through the remodeling in 1838, but with the extensive changes made in 1859 it was removed to the "turret" of the town hall which, in 1834, the town had built on the north side of Church Street east of Lake Avenue.

The bell was moved twice more before it arrived at the Library. The town sold the old first town hall after the town hall given to the town by Cyrus Wakefield was completed. The building was moved with the bell still in the turret to the south corner of Main and Salem Streets, the town retaining the ownership of the bell, the wheel, and the rope.

The next move was in 1888 when it went into the belfry of the High School, now the Lafayette Building, to become a part of the new battery powered "fire alarm telegraph".

In 1930, as a part of the observance of the 300th anniversary of the founding of the Massachusetts Bay Colony, the bell was placed in the Library where it will be on display during the Bicentennial years.

The illustrations in this Town Report show the buildings where the bell has been located or are views of the town a hundred years ago.

## *In Dedication*

RUTH A. WOODBURY

*Wakefield Town Historian*

*The Board of Selectmen on September 10, 1974 officially designated Miss Ruth A. Woodbury as Town Historian and for her long, untiring efforts over three decades as "unofficial" Wakefield historian hereby dedicate this 1974 Wakefield Annual Report in her honor.*

*Appropriately, on the eve of the country's Bicentennial observance Miss Woodbury has compiled the research material and historical illustrations in this book, that commemorate a significant event in the town's history.*

---

Miss Woodbury is a native Wakefieldian and a lineal descendant of some of the first settlers of the town. She is the daughter of the late Dr. Frank Taylor and Mary Hodgdon (Whittle) Woodbury and resides on Chestnut Street. She is a graduate of Wakefield High School and Simmons College.

Miss Woodbury has been an elected member of the Planning Board since 1950 and has served that board as its clerk-treasurer since 1954. She has served on numerous other town committees and is active in the Wakefield Historical Society, Wakefield Garden Club and Col. James Hartshorne House Association. Constantly in demand as a lecturer on Wakefield history, Miss Woodbury has authored numerous articles on the subject.

## VOTING IN WAKEFIELD, ELECTIONS AND POLITICAL ORGANIZATIONS

Prepared by the League of Women Voters

### To Be A Voter, A Person Must Be

an American citizen (native-born or naturalized)  
18 years or more in age  
a resident of Massachusetts  
a resident of Wakefield  
registered as a voter

### To Register As A Voter, A Citizen Must

appear in person before an authorized Registrar of Voters  
sign his (or her) name

### When and Where to Register:

9:00 A.M. to 5:00 P.M. Monday through Friday in the Town Clerk's office.  
7:00 to 8:00 P.M. Tuesday evenings in the Town Clerk's office.

Or at especially designated places in precincts, within two weeks of the closing of registration, scheduled by Board of Registrars and announced in the Wakefield Item.

However no registration takes place between the 32nd day preceding and the day following the State and Presidential Primaries and the State Elections nor between the 20th day preceding and the day following the annual Town Election.

Registration is permanent unless a voter moves to a new city or town or changes name by marriage. A voter, moving from one precinct to another within the town, should immediately notify the Registrars of the change to assure being able to vote in the new precinct, otherwise he must vote in his former address.

Registrations are administered by the Board of Registrars. The Board is composed of three citizens, appointed for three year terms by the Board of Selectmen, and the Town Clerk, who by virtue of his office, serves as clerk of the board.

### Polling Places

1. Precinct 1—First Baptist Church
2. Precinct 2—Greenwood School
3. Precinct 3—St. Joseph's Hall
4. Precinct 4—Hurd School
5. Precinct 5—Franklin School

Local elections are held annually on the first Monday in March to elect certain officials and members of boards for their respective terms.

Local elections are non-partisan. Write-ins are permitted, and absentee voting is allowed in local elections.

## To Become a Candidate for Local Office A Citizen Must . . .

secure nomination papers from the Town Clerk (one set of papers for each office to appear on the ballot)

obtain signatures of 50 registered voters

submit nomination papers with the Board of Registrars for certification 7 days preceding the 35th day before the Town Election

file with the Town Clerk by 5 P.M. on the 35th day before the Town election. (This places the candidate's name on the ballot officially, providing the papers are properly certified).

The Town Clerk administers election. The Board of Selectmen annually in August appoints election officers to supervise voting at the polls. These include five wardens and five clerks.

## To Join a Political Party . . .

A voter must declare his party choice as he enters the polls to vote in the primary elections.

## To Change or Cancel Party Enrollment . . .

A voter must appear in person at the Town Clerk's office and present the request in writing. This may be done any time except when registration is closed, immediately preceding elections.

A party member is eligible to be a delegate to his party conventions. Membership on the town Democratic and Republican Committees is determined by ballot every four years at the Presidential Primary. A non-party member is called an "Independent" voter, or an "un-enrolled" voter.

The Annual Report of the Town Officers is published each year and is available at the time of Town Meeting and also at the public library. The report includes all financial data pertaining to the costs of town operating expenses.

## Procedure of Town Meeting . . .

The Moderator, an elected town official, presides at town meetings. He begins to read the call for the meeting. Usually a motion is made to waive further reading of the warrant (with the exception of the constable's return which the law demands be read) and the motion is carried. Articles in the warrant are taken up in order as they are printed in the warrant unless it is requested by a two-thirds vote that they be taken up otherwise.

The recommendations of the Finance Committee are given before voters discuss or act upon an article. For the annual town meeting, these recommendations are available a week to ten days before the meeting in booklet form, called "Annual Appropriations for 197-," and may be obtained at the Selectmen's Room at Town Hall.

Following the Finance Committee's recommendations or the recommendations of such special department as may be permitted to make recommendations, the sponsor of the article is usually allowed to present his case. The voters may then debate the question according to rules of parliamentary procedure prescribed by the town's bylaws such as:

—Stand, address the Moderator, give name and address clearly, confine remarks to the question under debate and avoid personalities.

-Speak for not more than 10 minutes at any one time, unless granted permission by the meeting. No voter may speak more than once on any question if other voters desire to be heard, and no voter may speak more than twice on the same question without permission of the meeting.

—Speak not more than two minutes on any one of the following motions:

Motion to adjourn

Motion to lay on the table

Motion to take from the table

Motion to put the previous question

(These motions only are in order when a question is under debate.

Total time allowed for debate on each motion is six minutes).

A two-thirds vote of the assembly is necessary on a motion which requires a bond issue. A vote may be reconsidered at the same session or at adjourned session upon two-thirds vote of the assembly. The Moderator may request a voter to put his motion in writing. Should seven voters doubt the accuracy of the Moderator's count of hands on a motion, tellers are appointed to make the count. The Moderator clarifies motions when they are especially complex.

Conduct at the town meeting is further governed by the rules of practice, as they are pertinent to town meetings, in Cushings' Manual of Parliamentary Procedure.

## The Town Meeting Warrant and the Annual Report\*

The warrant is composed by the Selectmen, with articles being entered by request or petition. Individual voters may have an article inserted by petition. The Selectmen receive all petitions for the warrant, except those having to do with sidewalks, drainage, sewers and streets which must be submitted to the Board of Public Works. Signatures of ten or more registered voters are required on articles for annual town meetings; 100 signatures are required for articles filed by citizens in warrants for special town meetings. Signatures on petitions must be exactly as the voters' signatures appear on the voting list. Voters may request the advice of the Town Counsel in drawing up an article. Customarily, public announcement is made of the opening and the closing dates of the warrant. Citizens, however, may take their petitions to the Selectmen at any Board meeting during the year and the Selectmen will hold such articles for insertion in the warrant for the next town meeting. Department heads enter their articles by the process of request.

George J. Toth

At the Board's organizational meeting, following the Annual Town Meeting in March, John Sardella was elected Chairman and James E. Good was elected Secretary. Other Board members are John W. Moccia, Jr., John F. Carney and George J. Toth. Margaret M. Brady was re-appointed Clerk of the Board.

The powers, duties and responsibilities of the Board of Selectmen continue to be broadly diversified in approximately seven hundred sections of law applying directly to selectmen together with the hundreds of other sections of law that bear upon Town problems in general.

The Town has continued to function under the Board of Selectmen-Executive Secretary plan of Municipal Administration. This plan maintains the selectmen in their traditional role as the elected directors of the municipality as it gives cognizance to the need for an administrator to carry out administration assignments within a policy framework established by the Board of Selectmen.

The broadly diversified powers, duties and responsibilities of the Board of Selectmen affect the administration of all town departments and a central coordination is essential to an effective and efficient municipal administration.

The Board of Selectmen and the Executive Secretary represent the Town's interest before governmental officials, committees and commissions at the various levels of government for the purpose of presenting information and evidence on matters which concern the Town of Wakefield.

The necessity for effective liaison and representation between the Town, the state government and metropolitan agencies has become increasingly important due to metropolitan and state involvement. The further erosion of home rule as exercised by statutory Town Boards and town meeting requires counter-balance by local officials as active participants in the governmental structure which, although outside of local management organization, bears heavily upon the efficiency of local government. The Executive Secretary has served on the Massachusetts Bay Transportation Authority Advisory Board since its inception, in addition to his current tenure on the M.B.T.A. Board of Directors. He continues to serve as the town's designated representative to the Metropolitan Area Planning Council, a member of its Executive Committee and President in his fifth term. The Town's active participation is necessary to the Town's effective representation in an area of activity that involves significant dollar cost as well as a progressively increasing socio-economic impact.

A systems study has been initiated for all town departments as authorized under the provisions of Article No. 10 of the Special Town Meeting of 1973. This study has been proceeding under the direction of the Executive Secretary-Town Accountant. All town departments payrolls have been studied and adapted to computerization. Further study and computer applications of billing processes and accounts payable records are planned to be completed within the next year. There are several other areas of administrative activity that appear to have potential for improved efficiency and information under the operation of computerization, and these functions will receive attention in the progression of the overall study.

The Fire and Casualty Insurance program which extends to all municipal departments and provides for various types of required protection amounted to premium cost of \$101,244.00. The Workmen's Compensation insurance program extends coverages to all insurable departments of the Town at a premium cost of \$53,000.00.

The Group Insurance program of medical-surgical hospitalization and life insurance benefits authorized for Town employees by referendum action in March 1958 and extended to cover employees who retired after original acceptance of the legislation which provided group insurance benefits to Town employees (Chapter 595, Acts 1959) continues to present the best features of any plan of protection for Town employees. There are presently 615 employees, 78 pensioners, and 136 Optional Medicare members of the Town included in this program. The gross premium cost amounts to \$398,544.00, of which amount the Town contributed \$225,673.

Chapter 763 of the Acts of the year 1965 became effective on February 16, 1966 is legislative enactment of collective bargaining for municipalities. Municipal employers are prevented from (a) interfering with the right of employees to organize for the purpose of collective bargaining, (b) dominating or interfering with any employee organization, (c) discharging or discriminating against any employee who testifies before the State Labor Relations Commission on a certification proceeding, (d) refusing to bargain collectively in good faith with a designated exclusive bargaining agent, and (e) refusing to discuss grievances with the bargaining agent. The statute states "the municipal employer shall be represented by the Chief Executive Officer, whether elected or appointed or his designated representative or representatives." It has been determined that the Board of Selectmen is the Chief Executive Officer in Towns for the purpose of this statute, except as applies to School Department Personnel. This legislation continues a costly and complex impact on municipal administration in Massachusetts. The Board of Selectmen appointed Executive Secretary John J. McCarthy, Town Counsel Mario L. Simeola and Public Works Director Richard C. Boutiette as delegated representatives in collective bargaining procedure with the established Public Works unit. The Board of Selectmen appointed Executive Secretary John J. McCarthy, Town Counsel Mario L. Simeola and Fire Chief Walter V. Maloney as delegated representatives in collective bargaining procedure with the established Fire Department Union. Town Counsel was authorized to engage the services of Special Counsel on Labor Negotiation and Attorney Edward Schneider was so engaged.

Chapter 1078 of the Acts of the year 1973 has made the position of the Town in Labor Contract negotiations a matter of very serious concern. The Board of Selectmen have long recognized the necessity for professional representation at the bargaining table and have accordingly engaged specialized legal services in this important relationship. The new law provides that collective bargaining agreements prevail over personnel bylaws, fire and police regulations and certain specified statutes whereas the reverse was previously the case.

Police and firefighters have the right to final offer arbitration though the scope of arbitration for police excludes matters involving the appointment, promotion, assignment and transfer of personnel. This form of compulsory arbitration is relatively new in that it limits the arbitrator's choice to the last best offer of the employer and the last best offer of labor. Although this brief citation of some important features of the referenced legislation is not intended to be a complete summary, it may serve to identify the implications and complexity of labor contract relations as has developed in the public sector.

The Board appointed 59 election officers and 37 tellers for service at the polls for the year 1974 and the Committee on Election Procedures was continued in its function of reviewing election procedures and providing liaison between the Board of Selectmen and precinct wardens. This Committee has enabled the Selectmen to remain in closer contact with the functions of elections for which they are responsible.

In accordance with Chapter 234 of the Massachusetts General Laws, the Board of Selectmen are responsible for the preparation of a jury list of qualified citizens for the selection of service in Superior and Federal Courts.

The Board observed with regret the deaths of the following active and retired employees.

Walter E. Antunes	Erville T. Kelsey	Charles W. Richards
Francis R. Butler	Edward J. Meuse	Edward J. Rooney
Robert P. Hurton	John R. Muise	Robert T. Sullivan

The Board approved a rate of 4.30% for an amount of \$1,380,000.00 for a school project loan. A rate of 3.83% for an amount of \$500,000.00; a rate of 3.86% for an amount of \$250,000.00; a rate of 3.81% for an amount of \$250,000.00, all in anticipation of tax revenue.

## *Report of Board of Appeals*

The Wakefield Board of Appeals, a Quasi-judicial body with three members and three alternates appointed by the Board of Selectmen, operates under the Zoning Bylaws of the Town of Wakefield and Chapter 40A of the General Laws of the Commonwealth of Massachusetts. During the year ending December 31, 1974, the Board held 16 hearings.

The members of the Board of Appeals are Edward J. Grazewski, Chairman; Leonard Singer; and Richard D. Ellis. The alternate members are Bernadette E. Casavant; Alfred Razzaboni; and Daniel F. Sullivan. Mrs. Richard F. Morrello, Jr., is Stenographer.

## *Report of Personnel Board*

The past year has seen a number of changes in personnel and job structures in the Town of Wakefield. In a time of soaring inflation and unemployment, it becomes even more difficult to provide a fair and equal pay for work performed. The Personnel Board, though, has maintained a sense of competition, and in many cases has come out ahead of compensation for like jobs in our surrounding cities and towns.

We are fortunate to have with us for the next two years a Mr. Len Lewis — a veteran in the Personnel field — some twenty years experience. The Board wishes to assure the people of Wakefield that we will continue our work diligently in maintaining Wakefield as a good and prosperous place to work.

## *Report of the Town Planning Board*

The Town Planning Board held 27 meetings and seven public hearings in 1974. While it acted on fewer different land use problems than usual, several of these were before the Board throughout the year.

Scott Lane and Mackenzie, Heather, and Briarwood Lanes in the Briarwood subdivision, completed this year, are being recommended for acceptance by the 1975 Annual Town Meeting.

On December 3 the Board approved, subject to modifications and conditions, the plan of Pleasant Valley Estates, a ten lot subdivision southerly of Nahant Street, shown as an extension of Mount Pleasant Avenue. This was the only Definitive subdivision plan to come before the Board this year and had not been endorsed as of December 31.

A Preliminary plan and profile of a new subdivision easterly of the southerly end of Montrose Avenue was submitted to the Board at its final meeting of the year.

The decrease of activity in the real estate market in the latter part of the year has slowed down construction in other approved subdivisions. In Davey Park the house lots have been consolidated into several large tracts while holding to the approved street layout and construction requirements.

The Del Carmine Street subdivision, approved in 1964, continues to be "under construction".

A proposal to rezone the Hoag estate in Greenwood from a Single Residence District to an Apartment District, which would have been developed under the Subdivision Control Law, was defeated at the Annual Town Meeting.

The 1973 annual report of the Board stated its concern with the preparation of a plan defining the Flood Plain areas in Wakefield to enable property owners to obtain low cost Federal Flood Insurance. In May Town Engineer Michael T. Collins, as consulting engineer for the Board, attended a Wetlands seminar and in the fall he obtained additional information about Flood Plain Insurance and zoning from the Boston office of Housing and Urban Development (HUD). In December Arthur A. Knight, Jr., a member of the Board, and Mr. Collins attended a seminar sponsored by six planning and conservation agencies.

From the information obtained from these sources the Board prepared a Flood Plain Zoning Bylaw for Wakefield and drew up a description of the "reaches" or sections of the Saugus and Mill River valleys which are subject to flooding. The Planning Board is presenting to the voters in the warrant for the 1975 Annual Town Meeting an article to establish Flood Plain Zoning in Wakefield.

Also to be included in the 1975 warrant will be an article requesting funds for a photogrammetric survey of the town from which exact flood plain elevations can be delineated. Such a survey would also be extremely useful to the Department of Public Works, the Board of Assessors, the Board of Health, and the Conservation Committee.

Other activities of the Board included the following:

Two public hearings were held with the Board acting as Board of Survey in order to approve plans required for sewer extensions in Lassell Street and Mount Pleasant Avenue.

Two public hearings were held on zoning articles in the warrants for the town meetings held in March and June.

Members of the Board attended a meeting of Region 5A of the Massachusetts Federation of Planning Boards held in Beverly in June at which the topic of the discussion was Cluster Zoning.

Board members have attended Board of Appeal hearings and the Board has made suggestions and recommendations to that Board on various appeals.

Arthur A. Knight, Jr., was appointed to the Board to fill the vacancy which occurred when George J. Toth, II was elected to the Board of Selectmen. Ruth A. Woodbury was re-elected in the 1974 town election.

Town Engineer Michael T. Collins, as consultant to the Board, has assisted the Board with technical advice on many land use problems, and, as reported above, has guided the Board in the preparation of the proposed Flood Plain Zoning Bylaw.

### TRAINING

Four departments members have qualified as Emergency Medical Technicians after completing an 81 hour course and Federal Exam.

There will be eleven additional department members enrolled in Emergency Medical Technicians courses by January of 1975.

Five department members completed a course in auto extrication at the CD Training School in Topsfield. A daily training program is conducted on various firefighting techniques and evolutions by officers of the department.

### PERSONNEL

The Department consists of a Chief, four Captains, four Lieutenants, one Firefighter-Mechanic, forty-three Firefighters, one female clerk, and twelve Call Firefighters.

Lt. Robert T. Sullivan, a very dedicated and devoted officer was killed in the line of duty during a three alarm fire at (Ames Drug) complex on March 12, 1974.

Call Firefighters Robert Hurton died during the year after a lengthy illness and James Hurton retired. Both of these men served the town with many years of dedicated service.

During the year, William C. Pepe, was promoted to Lieutenant and Willie Langston, Philip Rogers, and Robert Jordan were appointed Permanent Firefighters.

Firefighter Steven Koch resigned from the Permanent force after ten years of service to seek employment out-of-state.

### FIRE PREVENTION

In service inspections of commercial, business, and mercantile buildings, schools and nursing homes were conducted during 1974.

Fire drills were conducted in public and private schools.

Nursing and Convalescent Homes were inspected four times during the year as required by law.

In order to update our fire prevention program, I have requested the Board of Selectmen to establish a full time Fire Prevention Officer. More emphasis must be devoted to fire prevention if we are ever going to overcome the tragedy of fire.

### PERMITS ISSUED

#### WAKEFIELD FIRE ALARM 1974

Replaced 3 old style boxes with 3 Fold

Replaced 3 boxes damaged by accident

Installed 1 new box location

111 hours spent on circuit trouble overhead

103 hours spent on circuit trouble underground

50 hours on circuit improvement

53 hours Equipment repairs

150 hours Replacing old wires

57 hours installing Figure 8 cable

103 hours Painting boxes

32 hours Testing boxes

63 hours Inspections

43 Relocating wires

100 hours Storm damage to lines and alarm equipment

302 hours Police and Traffic Light Work

---

1167 Total Man Hours Worked

The wind storm of September 20, 1974 did considerable damage to the power supplies for the alarm circuits. The primary power wires crossed the alarm circuit wiping out the whole system. Stoneham, Medford, and Burlington loaned equipment so that the system was back in service in one and a half hours. Protection has been installed to prevent such an occurrence from happening again.

All boxes have been tested twice during the year.

#### APPARATUS

Apparatus consists of four 750 GPM Pumps; 1954 American LaFrance, 1956 Mack, 1960 Mack and a 1967 International; one 500 GPM pumper, 1955 Dodge, one 1955 American LaFrance Aerial Ladder 85', one 1970 Chevrolet Pickup, one 1973 Chevrolet Chief's Car.

The 1974 Town Meeting approved a request to purchase a new 1250 GPM pumper and a 100' Aerial Ladder. Both of these pieces of apparatus hopefully will be delivered sometime in early 1976.

#### BUILDINGS

We are experiencing an over crowded condition at the Central Station especially in the Chief's office. I have proposed to the Board of Selectmen the possibility of a small addition to the north side of the Station in the near future.

In conclusion, I would like to express my personal thanks to the Officers and members of the department and other Town Departments who assisted me in any way.

Respectfully submitted,

WALTER V. MALONEY, JR.

Chief of Fire Department

## *Report of Forest Warden*

During the year there was a total of 228 woods and grass fires.

Respectfully submitted,

WALTER V. MALONEY, JR.

Forest Warden

## *Report of Director of Civil Defense*

The Civil Defense organization continues to function under the general direction and control of the Board of Selectmen as is required under the provision of Chapter 639 of the Acts of the year 1950.

There are two paid employees serving the one position of office clerk and field agent. The director and all other members of the organization are serving on a volunteer basis.

The management, control and direction of the Auxiliary Fire and Police Departments have continued under the jurisdiction of the Chiefs of their respective departments, as has the operation of the Civil Defense Rescue Truck. The Civil Defense Communications Group remained effectively available during the year under the direction of Chief Radio Officer J. Henry Sleeper.

At the present time we have 694 shelter spaces stocked with food and emergency supplies.

All auxiliary agencies operated both effectively and effeciently to the advantage of the Town during the year 1974.

Respectfully submitted,

WILLIAM P. HURTON

Director of Civil Defense

An exhibit of the three crafts was held in April at the First Baptist Church.

### **II. Library Programs**

Once a month a program for senior adults has been held at the library. The programs consist of book reviews, National Geographic films and crafts. These programs have been presented by library personnel.

## **SERVICES**

### **I. Income Tax Workshop**

This service program was held at the First Baptist Church and was presented by personnel of the Internal Revenue Service.

### **II. Newsletter**

Over 3,000 senior adults received copies of the Newsletter which was mailed in February, June and October. The letter carries information about current programs and services both local and statewide which are available to the elderly. Most of the work on the letter is done by volunteers.

### **III. ID Cards**

ID Cards are issued to those persons 65 years of age and over. The cards entitle the holder to discounts at local stores, high school musical programs and high school athletic events.

#### IV. Lip Reading Classes

Ten weeks in the spring and again in the fall Lip Reading classes for the hard of hearing senior adult are held at the library. The Quota Club of Lynn, Massachusetts provided the instructor, Miss Eileen Connolly. Miss Connolly is a former principal of Horace Mann School for the Deaf.

#### V. Remembrance

The Council on Aging contributed \$50.00 towards the baskets which were decorated and filled by members of the Drop-In-Center Club. These baskets were sent to patients in nursing homes who would otherwise not be remembered.

#### VI. Health Clinics

Nineteen health clinics were held during the spring months. The clinics were held at the First Baptist Church, Greenwood Union Church and Hart's Hill. Nine health clinics were provided in the fall at the same locations. A visiting nurse is in attendance at each clinic to take blood pressure, check weight and review any health problems.

#### VII. Flu Clinic

October 24 free flu serum was provided for 269 senior adults. The Kiwanis Club provided the serum and the attending physician. The Council on Aging arranged for space, time, nurses, publicity and additional volunteers.

#### PERSONNEL

Three resignations were accepted during the summer: Miss Emma White, Mr. Albert Turco and Mr. Stephen Harrington.

Three new appointments in September were: Mrs. Rosemary Yasi, Mr. Thomas Mullen and Mr. John Flynn.

The Council opened an office in the First Baptist Church in September. Office hours are 9:00 a.m. to 1:00 p.m., Monday thru Friday. Mrs. M. Jane McQuat is the typist-clerk.

## *Report of the Recreation Commission*

In March of 1974 the Recreation Commission members voted as Chairman, Mr. George E. Koulouris, and as Vice-Chairman, Mr. Richard J. Wood. Mr. Roger Maloney was appointed as Director of Recreation for the fourth consecutive year and Mrs. Ethel Bisacre was hired as Secretary to replace Mrs. Mary Starr who resigned her position in March.

The office of the Recreation Department, located in the Town Hall, opened from 9:00 A.M. to 12:00 noon on April 1, 1974, one month earlier than in previous years in order to accommodate the increasing number of tennis and other permits. A total of 5,049 tennis permits were issued from April 1, 1974 to November 1, 1974.

With the opening of the eleven playgrounds and two beach areas on June 17 (beaches) and June 24 (playgrounds), the office hours were extended from 9:00 A.M. to 5:00 P.M.

The summer program has a staff of some 35 young people of the town, the majority of whom are attending college. The playground supervisors attended a three day workshop on techniques and skills of a playground instructor. A new playground was opened this summer at Walton School and proved to be a popular recreational area for children in the West Side area. During the summer the playgrounds continued to show an increase in new activities and attendance. Three field trips were sponsored by the Commission — the Red Sox vs. Yankees baseball game, Bensons' Wild Animal Farm and the ever popular trip to Canobie Lake Amusement Park. An added attraction this summer were the mini-field trips taken by individual playgrounds to such places as the Stoneham Zoo, Salem Witch House, and Walich's Roller Skating Rink in Waltham. An additional field trip for all the playgrounds this summer was to Brunswick Bowl-A-Way Lanes in Burlington.

The eleven playgrounds: Common, Moulton, Nasella, Sullivan, Mapleway, J.J. Round, Dolbeare, Woodville, Yeuell, Col. Connelly and Walton also offered numerous Arts and Crafts programs. Two handicraft supervisors enabled each playground to have a specialized activity in Arts and Crafts at least once a week. Many of the handicrafts were on display in the lobby of the Melrose-Wakefield Trust Company for one week at the end of the summer.

The two beaches, Spaulding and Col. Connelly, were very popular this summer and attendance increased as the temperature rose. Identification tags were sold to residents for 25 cents for the entire season while non-residents were required to purchase identification tags each time they used the area. Free swimming lessons were given during the nine week season, with both beach areas having a record number of children sign up for these lessons. On August 13 the annual long distance swim was held. This event was open to local boys and girls age 8 thru 16. A large group registered and all finished the swim. A new dock enclosure at the Spaulding Beach proved popular with the children, and it is the hope of the Recreation Commission to add to this dock enclosure in the near future.

There is a free tennis clinic for youngsters from ages 8 thru 16 throughout the summer months, which has been oversubscribed each year.

The playgrounds and beaches closed for the season on August 16. The annual Demonstration Day and Parade was held on August 15 consisting of floats depicting the theme of "Cartoon Characters". Each float was constructed by youngsters from the various playgrounds and carried a young girl representing her respective playground. The parade proceeded up Main Street to the Common where "Miss Wakefield Playground" was chosen. Trophies and awards were given to the playground champions and Arts and Crafts winners. A watermelon eating contest was held and another "fun" summer came to an end for the Wakefield playgrounds.

Events held during the summer at the various playgrounds were field trips, arts and crafts, track and field events, baseball, basketball, street hockey, soccer, checker tournaments, frisbee contests, bean bags, volleyball, softball,

croquet and horse shoes. Free Ice Cream slips were given throughout the summer each week to participants for excellence in performance for the week.

Other activities sponsored by the Recreation Commission throughout the year are Adult Physical Fitness classes, Town Tennis Championships, Evening Summer Basketball League, Wakefield Slow Pitch Softball League, Concerts on the Common Bandstand, Adult Winter Golf Lessons, Winter Adult Basketball League, Saturday morning Basketball for youngsters, Men's and Women's Adult Indoor Tennis Lessons, Free Family Swim at the Regional School, Saturday afternoon movies, and open gym classes at the new field house.

Newly printed brochures were sent out this fall to all of the schools depicting all of the activities sponsored by the Wakefield Recreation Commission and Mr. Maloney attended several P.T.A. meetings as guest speaker this past year to elaborate on these programs and the accomplishments and aims of the Recreation Commission.

During 1974 the Recreation Commission sponsored articles for the reconstruction of Mapleway Tennis Courts, bleachers at Sullivan and Veterans' fields, various fencing projects throughout the recreational areas and lights at Nasella Basketball courts. The program for updating the lighting facilities at Veterans' field was continued with the relocation of poles and the replacement of lights, and the program of replacing the heavy playground equipment on all the playgrounds continued with the addition of climbing towers, permanent see-saws and merry-go-rounds at several of the various playgrounds. Also installed were permanent water fountains at Nasella and Col. Connelly.

The Recreation Commission also posted signs at both beach areas and the tennis courts at Veterans', Moulton, Mapleway and Farm Street stating the rules and regulations for these areas. With the opening of the new courts at Farm Street and the reconstruction of the Mapleway Tennis Courts, the Recreation Commission predicts that approximately 10,000 tennis permits will be issued during the 1975 season by the Recreation Department office for the 12 tennis courts available.

In line with offering recreation for all age groups, lighted facilities for ten tennis courts, four basketball courts, a softball area and an all purpose area at Walton Field are provided. The Recreation Commission works in close cooperation with the many various sports groups and others in the Town. In conjunction with working with these groups and our own programs through the coordination of the Public Works and School Department efforts, the Commission provides field maintenance and facility supervision. This has become possible through the newly instated program of central permitting of all town facilities by the Recreation Commission in this past year — a long sought after goal.

## *Youth Activities Commission*

Article 16 of the Annual Town Meeting of March 1969 established a Youth Activities Commission. The purpose of the Commission is to establish and carry on, and encourage others to establish and carry on programs and activities designed to aid and improve the welfare of the youth in the town.

Welcomed to the Commission this year were Martha Egan and Richard DeFeo, both appointed by the Board of Selectmen. Other members of the Commission are: Edward Hennesey, Martin Moore, Harry Petrucci, Donald McAuliffe and Clayton Cheever. Outgoing Youth Advisors honored at an Appreciation Night in December were: Nancy Aucella, Brian Staunton, Mark Surette, Bob Brennan, Michelle Terravecchia, and Chris DiGiammarino. The staff for the year consisted of Director, James Scott, Ass't. Director Fred Roberto, Dave Andonian, Richard Wood and Martin Knight.

Besides the every weekend Drop-In facilities at the Town Hall many outside activities and programs were presented. The Annual Easter Egg Hunt, Concerts and Record Hops in the Baptist Church, two Clean-ups of Breakheart one on Nov. 23 for the dedication of Landrigan Field at the Melrose-Wakefield Thanksgiving game. We were open some extra nights in the summer of '74. To round out our programs various types of movies were presented in the Center.

The total budget appropriated for fiscal 1975 was \$9,795.00.

Income — Money returned to the Town of Wakefield.

1-1-73 to 6-30-74	\$994.13
7-1-74 to 12-31-74	\$279.73

# *Report of Wakefield Housing Authority*

667-C

As required by Section 26-U of the Housing Authority Laws (Chapter 121 of the General Laws), a copy of this Annual Report is sent to the State Housing Board, to the Board of Selectmen of the Town of Wakefield and the State Auditor:

A new program related to low-income housing was initiated in Wakefield by the Wakefield Housing Authority. Under Chapter 707, ten families were placed in suitable housing throughout Wakefield. Various landlords in Wakefield are receiving a total of \$1,332.66 monthly from the Authority and tenants are paying \$760.34, the balance of the rents owed to the landlords. Application has been made for another twelve units under this program. The Authority has also requested funds under Chapter 705 which calls for the purchase of dwellings scattered throughout Wakefield and subsequent leasing to low-income families.

Under Chapter 694, Acts of 1970, an act providing funds for use in renovating and modernizing existing State-Aided housing projects, \$65,976.00 was reserved for use by this Authority. Using these funds, we have had the brick work on the older section of the development siliconed to prevent water seepage; a fence has been erected along the easterly boundary of our property; and doorbells have been installed throughout the development.

State funds previously allocated to authorities under Chapter 853 are being received on a quarterly basis at the present time, thus aiding our fiscal picture. At the advice of legal counsel, the Authority accepted a settlement out of court relative to the excessive building costs on Project 667-2. Another court case is pending.

The Authority continued to offer services to tenants in the elderly complex including free once-a-week bus service to downtown Wakefield and passes to various programs throughout the year. A color television was donated to the Birch Hall community room through the generosity of the Rotary, Kiwanis and Lions clubs of Wakefield.

## *Report of the Director of Public Works*

To the Board of Public Works:

As required by Chapter 48 of the Acts of 1950, an Act authorizing the Town of Wakefield to establish a Board of Public Works, I respectfully submit for your consideration, a report of the work accomplished in 1974, with recommendations for the future.

The major accomplishments for the year were:

Negotiations with RESCO in conjunction with eight other communities (Chelsea, Everett, Malden, Medford, Melrose, Revere, Stoneham and Winthrop) have proceeded throughout the year with the Mitre Corporation as a mediator during these sessions, with the result that very early in 1975 it is expected that a reasonable and equitable long-range contract can be negotiated that would provide a long-range solution to the Town's solid waste problems.

A Bill has again been filed with the legislature to authorize a second connection to the Metropolitan Water System, which if successful, would provide the Town with an adequate water supply for the next forty to fifty years.

The engineering firm of Camp, Dresser and McKee has been retained to conduct a study of the Town's Water Distribution System and the impact the connection to the Metropolitan System would have locally, as well as a determination of what should be done with the Broadway Pumping Station in the future. This study should be completed in early 1975 so that its findings may be implemented later in the year.

Camp, Dresser and McKee were also retained to conduct an inflow-infiltration study of the Town's Sewerage System so that the Town may retain its eligibility for Federal funds for the construction of a new force main from the Farm Street Sewer Station to the Melrose city line, which funds were appropriated by the 1972 Annual Town Meeting. It is hoped that the results of this study will be published by mid-summer of 1975 and a program to implement its findings presented to the 1976 Annual Town Meeting.

The Federal Comprehensive Employment and Training Act (CETA) will in 1975 provide funding for special Public Works projects much like the WPA did in the 1930s to provide employment opportunities for the many unemployed citizens of the Town. Much thought should be given to implementing construction programs under this Act, which would be beneficial to the Town with a minimum impact on the local tax structure, yet fully utilizing the labor force provided in this manner. It is expected that large sums of money will become available to the Town for this purpose, so that careful analysis should be made of project requests before these construction programs are approved.

For details of the work accomplished this year, I refer you to the following reports of the Division Supervisors.

Respectfully submitted,

RICHARD C. BOUTIETTE

Director of Public Works

To the Citizens of the Town of Wakefield:

As the administrative body of the Department committed to rendering the necessary services to the townspeople, the Board of Public Works reports a year of successful accomplishment during 1974. This was due in no small measure to the prudent counseling of the Director, the effective decision making of the Board, and the close cooperation of the other Town Boards involved in making municipal government a success in this community.

At its organizational meeting, the Board elected Bartholomew D. Barry, Chairman; and Ralph P. DeCecca, Secretary.

The routine annual programs, such as water relay, sidewalk and curb installations, sewer extensions, street improvements, Park and Cemetery maintenance, etc., were carried out and completed within the allotted time period, as well as within the budgetary appropriations.

One notable decision of possible long range benefit to the Town was made when the Board engaged the engineering firm of Camp, Dresser and McKee to conduct an in depth study of the Town's water distribution system with the possibility of a second M.D.C. connection in mind, and also an engineering study of the sewer collection system to make an inflow-infiltration study to qualify the Town for future Federal funds.

During the summer, the Board, the Department, other members of the municipal government, and indeed the Town as a whole, were saddened at the passing of Board of Public Works member Willard P. Farwell, Jr. A longtime public servant on the Finance Committee as well as the Board of Public Works, his experience, wisdom and deduction will be sadly missed by all involved in municipal government.

The Board takes this opportunity to thank and commend the employees of the Department, the Director, and the other Town Boards and Departments for their cooperation, common efforts, and goodwill that helped make 1974 a year of successful Town Government.

Board of Public Works  
BARTHOLOMEW D. BARRY, Chairman

## ENGINEERING DIVISION

Submitted herewith is the report of the activities of your Engineering Division for the year ending December 31, 1974:

### Plan Work

Sewer, drainage and highway easement plans were prepared and filed in the Registry of Deeds.

Construction plans for sewer, sidewalk and drainage projects were prepared along with specifications and cost estimates.

Construction plans were prepared for new tennis courts and parking area at the Mapleway Playground, and for a ramp at the Lafayette Building.

Record sewer and drainage plans were made for all work completed this year.

Traffic control plans were made of various intersections and forwarded to the Massachusetts Department of Public Works for signalization studies.

### Sanitary Sewers

Sewer projects completed this year consisted of the design, plans, specifications, contracts prepared and the supervision of installation of the following projects:

Essex Street  
Vale Road

Herbert Street  
Wiley Street

### Drainage

Major drainage projects completed this year consisted of the design, plans, specifications, contracts prepared and supervision of installation of the following projects:

Armory Street

West Water Street

Prospect Street — Cross country to Hopkins Street

### Sidewalks

Design, contracts and supervision of construction of various projects were completed by this department. For details see the Highway Supervisor's Report.

### General

Inspection services were provided for all subdivisions under construction, in accordance with plans approved by the Planning Board, acting under the provisions of the Subdivision Control Law.

Assessments for all work accomplished under the Betterment Act were calculated and forwarded to the Assessors office.

Technical assistance and mapping were furnished by this division to assist the Board of Selectmen in their application for acceptance into the National Flood Insurance Program.

Respectfully Submitted,

MICHAEL T. COLLINS

Town Engineer

## FORESTRY AND PARK DIVISION

It is my pleasure to inform you of the maintenance programs performed by the Forestry and Park Divisions during 1974.

The Forestry section, the first of the year commenced the routine line clearance of utility power lines within the North Ward section of Wakefield. At the beginning of spring, our shade tree planting program was on its way, locating new trees for Mansfield Drive, Edwards Avenue, and various other locations throughout the Town. In addition, sixteen larger type species were planted in the Upper Common and Moulton Playground, replacing those lost in past years.

A grand total of 191 shade trees were planted in 1974.

During the summer and autumn months, many requests were made by local residents for solution of various shade tree problems — to be more exact, a total of 272 requests were answered by this Division and all work performed.

The continued decline of healthy shade trees along our public streets in the community is evident by the need to publicly advertise for sealed bids for removal of dangerous trees within the public way by contractor, to assist this Division in its workload.

Dutch Elm disease has added to our problem of lost shade trees with most of the American Elms in the Common being taken down due to the disease and other causes.

By the end of this winter, there will have been some 130 shade trees removed.

The Park section had the routine winter schedule of snow work and maintenance of all picnic tables and storage boxes belonging to the Recreation Commission.

The regular maintenance of all green areas within the Public Works dominion required most of our personnel's attention, including baseball and softball diamond maintenance, and the fertilizing and sodding of one Little League Diamond at J. J. Round Park. The color coating of the Moulton Field Tennis Courts with acrylic paint has been completed.

With the cooperation of the Wakefield Garden Club and the Crystal Garden Club of Wakefield, the much needed beautification project at Junction Park with trees and shrubs was undertaken by this division. Financial assistance was received from both Garden Clubs and the Cowdrey Trust Fund.

I would like to publicly thank all those who have contributed to the success of the afore-mentioned beautification project of Wakefield.

Respectfully submitted,  
ROBERT J. BELANGER, Supervisor  
Forestry and Park Division

CEMETERY DIVISION

Old Cemetery — (Church Street)

Our regular maintenance work consists of:

- (1) Constantly mowing and trimming around monuments.
- (2) Repairing broken monuments.
- (3) Raking leaves and hauling them away.
- (4) Filling in sunken graves.

Forest Glade Cemetery

A section of approximately an acre has been loamed and seeded. We have been removing overgrown shrubs throughout the year. The following statistics are taken from the 1974 Cemetery Records:

INTERMENTS:	
Adults	140
Infants	9.

## HIGHWAY DIVISION

I hereby submit the report of work accomplished by this Division for the year 1974. Again this year, our work has primarily been devoted to maintaining our existing facilities.

### Sweeping Streets

All streets were swept in the Spring and were re-swept as often as required. The business section was swept four times weekly, weather permitting.

### Traffic Lines

The following work was completed by contract, under Town supervision:

- 105,987 lineal feet center and guide lines
- 1,987 lineal feet stop lines
- 15,294 lineal feet crosswalk lines
- 20 letters
- 2 arrows
- 8 traffic circles

**Street Maintenance**

Normal patching as required for maintenance and patching in conjunction with resurfacing programs was completed. The following streets were resurfaced with bituminous concrete: Atwood Street; Ames Street; Middle Street; Minot Street; Elm Crest Road; Pilgrim Road; Bellevue Road; Shumway Circle (to Park Avenue); Park Avenue (Prospect Street to Stoneham line).

The following streets were resurfaced with S.T. Mix: Lafayette Street; Tuttle Street; Walnut Street; Cedar Court; Morningside Road; Overlake Road; Eustis Avenue; Winn Street; Wolcott Street; Willow Street; Cutter Street; Walden Road; and Cristofaro Street. We also completed the replacement of the two rail pipe fence around the Common and resurfaced two roadways plus the walkways in the Common area.

The following streets were treated with a crack filling process applied by contract with Sealcoating, Inc., under our supervision: Chestnut Street (Stedman Street to Prospect Street); Parker Road (Prospect Street to Reading line); Prospect Street (Parker Road to Stoneham line); New Salem Street (Vernon Street to Salem Street); Vernon Street (Lynnfield line to Aborn Avenue).

All permanent patching of water and sewer trenches is the responsibility of the Highway Division and this year, we completed all 1973 trenches; also 60% of 1974 trenches. The remainder of 1974 will be completed as soon as possible in the Spring of 1975.

**Highway Construction**

Scott Lane (Water Street to Sycamore Road) — Length 1,050 feet.

Mackenzie Lane (Montrose Ave., to dead end near Heather Lane) — Length 940 feet.

Heather Lane (Mackenzie Lane to a dead end on Briarwood Lane) — length 380 feet.

Briarwood Lane (Heather Lane to a cul-de-sac) — Length 695 feet.

**Curb Replacement**

This was our eighth year of replacement of deteriorated concrete curbing and 1,567 lineal feet of curbing was replaced under contract, with Town supervision, by S. Benedetto & Sons, Inc., on Strathmore Road and Converse Street.

**Sidewalk Maintenance**

1,833 lineal feet of concrete and bituminuous concrete sidewalks, averaging six feet in width, was removed and replaced this year on the following streets: Eastern Avenue; Kimball Avenue; Cordis Street; Vernon Street; Jefferson Road; Everett Avenue; Crosby Road; Sherman Road; Gerard Street; Thistledale Road; Brook Street; and Jordan Avenue.

The following work was done by Mass. Construction Co. Inc., under Town Supervision:

330 square yards of concrete sidewalk and 50 lineal ft. curbing was removed and replaced on Coolidge Park.

1,000 square yards of concrete sidewalks was removed and replaced where needed on the east side of Main Street between Richardson Street through the Square to opposite Avon Street.

**Sidewalk and Curb Construction**

The following work was completed by S. Benedetto & Sons, under Town Supervision:

**Prospect Street** from the intersection of Prospect and Cedar Streets in front of No. 16 Prospect Street to Fairmount Avenue (705 feet of bituminous concrete sidewalk and granite curb).

**Cedar Street** from the intersection of Cedar Street and Prospect Street to No. 7 Cedar Street (250 feet of bituminous concrete and granite curb).

**Elm Street** from the intersection of Elm Street and North Emerson Street to No. 22 Elm Street (405 feet of concrete sidewalk and granite curb).

#### **Individual Sidewalk and Curb Construction**

Bituminous concrete sidewalk & granite curb — 32 Crescent Street.

Concrete sidewalk and granite curb — 160 and 177 Broadway.

Granite Curb — 203 Vernon Street, 195 Broadway, 15 Pleasant Street, 202 Lowell Street.

#### **Drain Maintenance**

Manholes, catchbasins, and drainpipes were repaired, or replaced as required. Approximately 3,500 lineal feet of open brooks were cleaned by hand of debris. More will be cleaned through the winter months, weather permitting. Approximately 99% of all manholes and catchbasins were cleaned this year; numerous catchbasins in low areas were cleaned twice.

#### **Drain Construction**

The following work was completed by S. Benedetto & Sons, Contractors, under constant Town supervision:

**Hopkins Street to Prospect Street** (from an existing 36" R.C. pipe between No. 47 Hopkins Street and No. 34 Hopkins Street cross-country to near No. 211 Prospect Street — 110 feet of 36" ACCM pipe, 100' of 30" ACCM pipe, 270 feet of 18" x 29" ACCM pipe, 90 feet of 15" aluminum pipe — 3 manholes, 1 catchbasin).

**Armory Street to West Water Street** (from a manhole near No. 48 Armory Street through private land to a manhole on and near No. 38 West Water Street. — 225 feet of 12" R.C. pipe and one manhole).

**West Water Street** from an existing catchbasin near No. 35 West Water Street to a catchbasin on the opposite side of the street — 22 feet of 8" Cast Iron pipe — one catchbasin.

**Armory Street** from a manhole near No. 31 Armory Street to near No. 48 Armory Street (220 feet of 15" R.C. pipe, 2 manholes and 2 catchbasins).

## REPORT OF THE SCHOOL COMMITTEE

The membership of the Wakefield School Committee remained unchanged in 1974 with the re-election of Alfred A. Palmerino, Louis R. Sardella, and J. Edward Surette, Jr. The experience of these individual members has therefore continued to be a valuable asset to the entire Committee and to the School Department. Nineteen hundred and seventy-four has been one of the most significant years for the School Department in recent memory. The retirement of Dr. George A. MacArthur, Superintendent of Schools, who was injured in an unfortunate accident this past summer, left a void in our school system. As a result of Dr. MacArthur's disability, our capable Assistant Superintendent, Lucian J. Colucci, was appointed to serve as Acting Superintendent of Schools pending the appointment of a Superintendent. After Mr. Colucci's appointment and because of his heavy work load as the Acting Superintendent, an Acting Assistant Superintendent was appointed. Mr. John Sardella, who has ably served as an Administrator and teacher in the local school system for the past seventeen years, assumed that position.

Before the opening of schools in September of 1974, an important educational goal was achieved through the coordinated efforts of the entire administration and staff of the School Department. All sixth grade classes were moved from the elementary school to the new centralized Willard B. Atwell School on Main Street. The seventh and eighth grades were moved from the Junior High School on Farm Street to the newly renovated Junior High School on Main Street. Grades nine through twelve were moved from the Memorial High School on Main Street to the newly expanded Memorial High School on Farm Street, thus ending two years of double sessions. The School Committee wishes to express publicly its gratitude to all school personnel for their cooperation during a difficult transitional period.

The centralization of all sixth grade classes created the need for the position of a part-time Assistant Principal at the Atwell School. Miss Kathleen Buckley, a sixth grade teacher with more than ten years of experience in Wakefield, was appointed to that position, and she has continued to serve as a classroom teacher as well. Additionally, the movement of the sixth graders from the elementary schools permitted the long delayed implementation of Kindergartens in Wakefield as required by State Law. The initial enrollment in Kindergarten classes during the 1974-1975 school year was 337 students. As a further result of the school building program the central administrative offices were transferred to the Junior High School on Main Street after having been located for two years in leased premises at 7 Lincoln Street (i.e., the old Taylor Building).

The School Committee wishes to recognize the accomplishments of the Wakefield School Building Committee and to convey its special appreciation to Building Committee Chairman, Donald L. Winsor, for his outstanding leadership of the school building program.

The retirement of four dedicated teachers was noted by the School Committee with regret. Miss Lona Adams, Miss Hilda Hayden, Mrs. Dorothy Linder, and Mr. Morton Sherman retired during 1974 having an aggregate of 166 years of service in the Wakefield School System. Each was the recipient of communications from the Committee expressing appreciation for outstanding service. The School Committee also acknowledged the many years of service and the retirement of the following individuals: Mrs. Frances Cronin, Mrs. Marjorie Perry, Mr. Francis Ryder, Mrs. Wilma Stahle, and Mrs. Pearl Vaters.

In conclusion, the Chairman wishes to express his personal appreciation to his colleagues on the School Committee for their continuing commitment to educational quality in Wakefield.

Respectfully submitted,

ALBERT J. TURCO, Esquire  
Chairman

### **REPORT OF THE ACTING SUPERINTENDENT OF SCHOOLS TO THE WAKEFIELD SCHOOL COMMITTEE**

For the second time in five years as Acting Superintendent, I am submitting herewith the Annual Report. During the past year many extensive changes have come about in the Wakefield Schools and its Organizational Patterns.

The planning that took place after the disastrous Atwell fire finally came to fruition with the substantial completion and occupation of excellent educational facilities in September of 1974.

The construction of the Atwell School on Main Street to house grade 6 students released spaces so that we were able to implement the Kindergarten Program as mandated by law.

A total of 337 kindergarten students are enrolled in 16 classrooms located throughout our Elementary School Districts. The basic philosophy of Wakefield's Kindergarten Program is to provide a multitude of experiences in an atmosphere which fosters positive attitudes toward self and school. While it is understood that the kindergarten is not to focus academic achievement, readiness experiences are, in fact, an integral part of the established curriculum.

As is always the case, there has been continuous change in the curriculum. At the elementary level: The Holt Data Bank Social Studies Program was instituted on a pilot basis. This program series is very successful and it is anticipated that gradual adoption will result.

Wakefield has completed its second year with I.M.S., (Individualized Mathematics System). The I.M.S. pilot programs indicate that greater motivation and self-confidence resulted in the fact that pupils can assume some direction for their own learning. The use of more than 75 volunteer mother aides has produced excellent results.

The SCIS (Science Curriculum Improvement Study) Science Program was introduced in the fall of 1972. Due to its enthusiastic reception, it was placed in all the 3rd grades. For the school year 1974-1975, the program has been extended to include all 4th grades in the system plus at least one 5th grade in each of the five Elementary Districts as well as being introduced in the Atwell Sixth Grade Complex.

The Reading Program continues to stress individualization of instruction to meet the specific needs of each child in terms of learning style, learning rate and skills mastery. The Sullivan Programmed Reading Series is designed to promote the individual progress of each child. The implementation of this program is now complete. All 1st, 2nd and 3rd grade classrooms are utilizing this program.

Probably the one single Legislative Act that has had the greatest impact on education in the State of Massachusetts for Wakefield has been Chapter 766, which deals with children with special needs. At the present time in compliance with this law, we are providing coverage in all elementary and secondary aspects of our program. We are operating with initial coverage. It is quite clear that extension of these services will be required. Chapter 766 resulted in the

formation of a Core evaluation team with a permanent chairperson to conduct our Core evaluations. Because of Wakefield's foresight and implementation of its extensive services precisely meeting the needs of children with special needs for the past several years, the impact of Chapter 766 will be minimal in the Wakefield School System.

Implementation of Chapter 766 is expensive, but the reimbursement features of this Act reduces the net cost. Reimbursements for 1973 for Special Education tuition totalled \$150,170.68. This year's Special Education V report on reimbursements for special education will result in a reimbursement figure of \$205,632.00. In the 1973 total budget of \$5,326,627.26, from all sources \$1,781,144.51 or 33% was reimbursable, which in effect brings out a net cost of operating the schools of \$3,545,482.75.

The 6th graders are installed in Grade 6 at the Willard B. Atwell School. Curriculum and program for this grade is completely independent of the Junior High School, except for sharing the common areas such as the cafeteria and the library. The painting and change of lighting in the Junior High School has vastly improved the physical plant for occupation and experiences for the Junior High School young people.

The New High School at Farm Street is in operation. The Wakefield High School Building Committee is to be commended for its fine performance in furnishing such an excellent facility, as well as the construction of a Sixth Grade Complex, in addition to the refurbishing of the present Junior High School for grades 7 and 8.

The academic program at the high school was reorganized so that all academic classes meet at least five times per week.

Under Title III Federal Grant, a Reading Laboratory was funded and the Reading Program at the new high school has expanded to include a Reading Specialist, as well as an area which has been equipped as a Reading Laboratory under the aforementioned Title III money.

The 1974 graduates of Wakefield High School left in June with a variety of career objectives in mind. The following data is a summary of the class disposition:

Despite the transitional difficulties during the past year, we continued to operate an Adult Education Program, an SLD and Elementary Summer School, a Title I Summer School, and a Junior and Senior High School Summer School Programs.

During the last School Year, the Wakefield School Committee endorsed the formation of a Mini-School which offers a program of alternative education for those who find it difficult to remain within the confines of a regular school pattern. As of September 1974, the Mini-School has been in operation with 15 students and all reports indicate that they are successful in maintaining and sustaining young people who otherwise would not have been participating in any school activities. This program is financed by Federal Funds.

In preparing for the start of the new Kindergarten classes, new toilets were installed at the Greenwood, Woodville, Lincoln, Franklin and Hurd Schools. In the newer buildings, Dolbeare, Walton, Doyle, and the Montrose addition, only minor changes were required to accommodate the new classes.

The painting work performed by outside contractors included the exterior of the Warren, Doyle and Greenwood Schools. Other work included the complete interior of the Warren School, the Auditorium at the Walton School, and minor work at the Dolbeare School. School employees repainted some of the exterior sash at the Hurd and Montrose Schools.

The play area in the rear of the Montrose School has been sodded and seeded. This new grassed section replaces what was formerly a stonedust play surface.

A noticeable improvement was made at the Greenwood School, where the dark-colored wood and concrete floors have been covered with a light-colored resilient tile. Also improving the appearance of this area are the new fluorescent lighting fixtures which were installed this summer.

Additional fluorescent light fixtures have been installed in the Auditorium of the Woodville School and in the corridors at the Montrose School. These newer lights have replaced the older type incandescent fixtures to provide better lighting.

All of the boilers and heating equipment were inspected and found to be in order.

**REPORT OF THE LIBRARY BOARD OF TRUSTEES — 1974**

The concept of a library as a quiet, dull storehouse of books is outmoded. Today's library is an active community center offering many services to its patrons. The Lucius Beebe Memorial Library is an excellent example of today's library. We feel that the programs and services it offers should be included in our report to the Town.

The lecture hall is used regularly by many local associations. The circulation of the print collection, record collection, and large-print books increases each year. The museum memberships that may be borrowed include the Museum of Fine Arts, Museum of Science, and the Children's Museum. Week-end borrowings of these memberships have increased. The children's story hours, movies, and craft demonstrations are well attended. The Adult Literacy Workshop is held twice a week. Woodbury Station is open one day every other week for the convenience of the residents of Hart's Hill. Collections of local arts, crafts, and hobbies are exhibited in Tall Hall. The exhibits are changed each month. Great Books Discussion groups meet every other week.

Nineteen seventy four saw a few changes in the Board of Library Trustees. In February, Mr. Frank Tredinnick, Jr., informed the Trustees of his decision not to seek re-election to the Board. We are grateful for his fifteen years of invaluable service. The resignation of Mrs. Pamela Thomas was accepted with regret when she became a resident of Lynnfield in March. Mr. Albert Burbine was welcomed as the newly-elected member of the Board at the March meeting. Mr. Walter Howlett was appointed at a joint meeting of the Boards of Selectmen and Library Trustees to fill the vacancy on the Board of Trustees created by the resignation of Mrs. Thomas. Mr. Howlett's expertise in building construction and maintenance has been very helpful.

When the new board organized, Mrs. Virginia Jackson was elected chairperson, Mr. John Landers, vice-chairperson, and Mrs. Ruth Finlay, secretary.

Mrs. Duggan, Children's Librarian and Mrs. Lovering, publicity expert, retired on June 1. We thank them for their many years of loyal service.

Mrs. Ruth Litchfield, Acting Director, submitted her resignation effective June 30 at the May meeting. Her resignation was accepted by the trustees with great regret and best wishes for a long and happy retirement. We wish to express our gratitude to Mrs. Litchfield for her outstanding and knowledgeable administration. Her service to the Town reflected the spirit and dedication of a remarkable lady.

Ms. Margo Trumpeter was appointed Director of the Lucius Beebe Memorial Library on May 9, 1974. We thank the staff and Ms. Trumpeter for their courtesy and professionalism. These are two qualities that are appreciated by the patrons of the library.

**REPORT OF THE DIRECTOR — 1974**

This calendar year has seen three retirements from the Library and a resulting upheaval of personnel. In June, Mrs. Nan Lovering, our publicity expert; Mrs. Kay Duggan, our children's librarian; and Mrs. Ruth Litchfield, our Acting Director, all retired. The resulting promotions and transfers of people on the staff are indicated on the adjoining roster of personnel.

Accompanying the turnover in staff was a shift in service and a reorganization of collections. In anticipation of the Town building a new middle school for sixth grade, the Library decided to serve the sixth graders in the Youth Room instead of the Children's Room. At the same time, the tenth, eleventh, and twelfth graders were graduated from the Youth Room to the adult collection and reference service. Materials purchased for these particular grade levels were moved from area to area during the summer and were re-cataloged as needed.

The collection reorganization also brought the reference collection together in one place closer to the circulation desk. The reference librarian is in sight of the patrons as they enter the Avon Street door and is now near the card catalog, the telephone, and the circulation desk. Serving high school students for the first time this year, Ms. Nevin, the adult reference librarian, is making enormous efforts to cooperate with the school teachers in learning about assignments, gathering together the materials needed to answer those requests, and in arranging a reserve shelf for assignments.

The adult collection was relocated by moving the literature and history collections to the first floor to make them more accessible to the high school students and to open up the floor space. All of the 700's are together in the Reading Room and the remaining non-fiction is on the balcony.

A few smaller, specialized collections have been unified, expanded or begun this year. The Keough collection of books on rifles, riflery, and target shooting has been unified and is housed in the Lecture Hall next to two cases filled with Major Keough's medals and trophies. The Genealogy collection is being consciously expanded by our expert, Mr. Ed Hanson, with the gift money of Mrs. Dolan in memory of George and Daisy Poland. A newly developed collection of Wakefield Authors is in the hands of Mr. Ed Hanson and Ms. Suzanne MacLeod, who are identifying authors, locating their writings, interviewing individuals, and writing descriptive annotations of books as well as biographical sketches of the authors in anticipation of a bi-centennial publication of special interest to the Town.

The broadening of services this year is due, in large part, to the increasing professionalization of the staff. One staff member received her Master's Degree in Library Science in May, and three others are currently enrolled in the Master's Degree program at Simmons. Still another staff member received a scholarship from the North Shore Library Club for a library related course. The circulation figures, which show an increase of 1% this year, do not adequately reflect activity within the buildings, especially as the added services move in the direction of non-book related activities.

Programming has been emphasized this year with the appointment of Ms. Judith Jacquart as adult services librarian. Great Books Discussions have started with the leadership of Ms. Jacquart and Ms. Catherine Henderson. The "November Saturdays" series featured a different event each weekend: belly dancing demonstration and lesson; the Velmures' East Africa slide presentation; yoga demonstration; house plant clinic; and the Library's first book sale. Film programs during the year have included Alistair Cooke's

**America** series; National Geographic films; and several summer evenings of feature length films included **Red Shoes**, **View from the Bridge**, **Room at the Top**, and **The Entertainer**.

The Library has continued its policy of carrying on in-house programs for special groups. The Senior Citizens meet with us once every month for a program done by staff members. Story hours for three and four year olds are held regularly, three each week at the main building, two at Greenwood and one at Montrose. Mothers' Roundtables are arranged during the main library story hours.

The Adult Literacy Workshop continues to meet twice each week with a new emphasis on English as a second language. The Woodbury Station at Hart's Hill also continued to be serviced by the Library. Every other Wednesday Ms. Jacquart takes library materials to the residents, making exchanges and answering requests for specific materials.

Additions to the Library's services this year include a museum membership to the Children's Museum; several new framed prints which make up a bi-centennial theme; tape cassettes available on inter-library loan, as well as from the children's collection; and a new public telephone installed in the Avon Street entrance.

A new exhibit of art work is shown in Tall Hall each month. We have seen work by the following local artists: Mrs. Guerrette, Lynne Straghan, Peter Stultz and Pat Roop, Peter Stark, Charles Gray, Madeline Sarget, Michelle Yebba, Joan Rolfe, Merrill Mezikovsky, Helen Sleeper, Karen and Bill Velmure, and Jean Hartshorne.

The variety of organizations using the Library's meeting rooms is impressive. Eckankar, Art Association, Historical Society, International Meditation Society, sub-committees of the Cable TV Advisory Committee to the Selectmen, Council on Aging lip reading classes, AAUW, League of Women Voters, Northeast Middlesex Nurses Association, Mental Health Association, the Democratic and Republican Town Committees, Democratic National Committee, Dukakis for Governor Committee, area librarians meetings, and two workshops held by Eastern Massachusetts Regional Library System.

The landmark decision of the Library Board of Trustees this year was to comply with Standard Six of the 1973 edition of **Minimum Standards for Free Public Library Service**. In July, the Library dropped non-resident borrowers' fees and began giving free direct access and reciprocal borrowing privileges for all residents of the Commonwealth.

While acknowledging the cooperative efforts being made by libraries in the Commonwealth, I must acknowledge the cooperation I have found this year from the following people who have answered my questions and helped orient me to the proper ways of doing things in Town: Mr. Burns and Mr. Butler, Mr. Simeola, Mr. Hartshorne, Mr. Hudson, Mr. Boody and Mr. Fletcher, and my terrific Board of Library Trustees.

Report of MUNICIPAL LIGHT DEPARTMENT

# *Report of the Municipal Light Board*

January 1, 1975

To the Citizens of the Town of Wakefield:

We submit for your consideration the eighty-first annual report of the Municipal Light Board from January 1, 1973 through June 30, 1974.

The net profit of the department was \$697,710.96 for the eighteen month period.

The Balance in our Operating Fund was \$19,216.26.

The sum of \$210,000.00 was paid to the Town to be used in computing the tax rate from January 1, 1973 to June 30, 1974, and the sum of \$350,000.00 was paid to the Town to be used in computing the tax rate for Fiscal 1975. The total amount paid to the Town is \$3,573,440.56.

The Manager's report including financial statement for the year are included in the report.

Respectfully submitted,

PHILIP C. SICILIANO, Chairman  
EDWARD D. CONWAY, Secretary  
JOSEPH R. SARDELLA

## MUNICIPAL LIGHT DEPARTMENT

To the Board of Light Commissioners:

The major story of this period was the energy crisis with the possibility of shortages of oil. As it developed, there was sufficient fuel but the rapid increases in cost resulted in escalation of fuel charges on the electric bills.

The reduction in use of electricity continued during 1974 and averaged nearly 5% less than the same period in 1973. For the first time in many years, this reversed the trend of annual increases of 6% to 12%.

Our supplier, New England Power Company filed and was granted three rate increases in this period by the Federal Power Commission and it was necessary for us to pass on these increases.

Following landmark legislation by the State, Town Meeting accepted Chapter 164A of the General Laws, which enabled the Light Department to join the New England Power Pool. A later Town meeting approved a bond issue of \$770,000 for our share of an entitlement in a NEPOOL planned plant under construction in Connecticut.

As a member of NEPOOL, this and future entitlements will enable the Light Department to form a future power supply that will be less costly than continuing to purchase all of our power from a power company.

The following Condensed Profit and Loss Statement shows the financial operation of the Department from January 1, 1973 through June 30, 1974.

## ANNUAL TOWN MEETING

MARCH 11, 1974

---

Meeting called to order at 7:30 P.M., by Moderator Roger H. Wingate, who read the call for the meeting which was held in the Memorial High School Auditorium, Wakefield, Massachusetts.

On motion by Chairman John A. Hanson, Finance Committee:

**Voted:** That further reading of the warrant, with the exception of the Constable's return, be dispensed with.

Constable's return read by Town Clerk.

On behalf of the Finance Committee, Chairman John A. Hanson thanked the Departmental Executives, Town Boards, and Committees for the conscientious care and consideration given in the presentation of departmental budgets.

Unanimous consent of the meeting was granted to allow students and non-voters to attend and observe the meeting.

### ARTICLE 1

To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow in anticipation of the revenue for the fiscal period July 1, 1974 to June 30, 1975, in accordance with General Laws, Chapter 44, Section 4, and acts in amendment thereof, and to renew any note or notes as may be given for a period of less than one year in accordance with General Laws, Chapter 44, Section 17.

# *Sixtieth Annual Report of the Town Accountant*

FOR THE FISCAL PERIOD ENDING JUNE 30, 1974

The total cash expenditure processed by the Town Accountant's Office amounted to \$45,424,774.35.

The total cash receipts amount to \$41,213,197.06 which indicates the necessity for serious attention and consideration in this area of the Town's financial program.

The operational and indebtedness cost of town services can be examined by the simple comparison with other immediately surrounding communities.

This method of comparison brings the tax rate and valuation variables together in the formation of a comparative per-capita cost factor.

The growth of the town in population and valuation is directly related to increased operational cost. The creation of non-existent facilities in areas of the town that have heretofore been undeveloped and apart from the service arterials have required increased capital expenditures in an era of high construction costs.

The records of the Treasurer have been examined and found to be in agreement with the Accountant's balances.

The operating cash balance as of June 30, 1974 is as follows:

Revenue Cash	\$ 641,627.34
Non Revenue Cash	33,832.57
Revenue Sharing	43,373.85
Total	\$ 718,833.76

Trust Funds have been checked by examination of securities, Savings Bank Accounts and Deposit Books.

Funds of the Contributory Retirement System have been verified by examination of Bank Books, Securities and the checking account balance was in agreement with the Accountant's balance. Funds are invested as follows:
